REMARKS/ARGUMENTS

Claims 1-45 are canceled.

Claims 46-65 are newly added.

Claims 46-65 are pending.

Misc.

For the avoidance of doubt, each function and/or mode described in the claims presented in this amendment is capable to be implemented individually.

For the avoidance of doubt, the mode(s) and/or function(s) capable to be implemented by the communication device described in the claims presented in this amendment is/are not limited to the one(s) described in the claims, i.e., the communication device is capable to implement the mode(s) and/or function(s) other than the mode(s) and/or function(s) described in the claims.

The following sentence or similar sentence thereto stated in the amendments of this application or other applications filed by applicant or the same inventor is retroactively canceled: "For the avoidance of doubt, the claims are not limited to the device pertaining to the U.S. class assigned to this application. In other words, the claims are also applicable to other types of computer devices pertaining to, for example, the U.S. class 361 (e.g., laptop computers)."

For the avoidance of doubt, canceling the claims of this application or other applications filed by applicant or the same inventor does not indicate applicant's admission that the invention(s) described in the canceled claims is/are not patentable.

Applicant has no intent to limit the scope of the claims presented in this amendment by the examples (if any) described in this amendment.

Applicant has no intent to limit the scope of the claims presented in this amendment by the previous amendment(s) (if any) and/or the previous proposed amendment(s) (if any)

submitted by applicant or the same inventor.

Applicant has no intent to surrender any equivalent of any element included in the claims by any amendment(s) (if any) and/or any proposed amendment(s) (if any), whether previously or subsequently submitted to this amendment, unless expressly and unambiguously stated otherwise in the amendment(s).

Applicant has no intent to limit the scope or deny the patentability of this application by other applications filed by applicant or the same inventor.

Applicant has no intent to limit the scope or deny the patentability of other applications filed by applicant or the same inventor by this application.

No new matter is added by this amendment.
